Sunrise Brokers, LLC Notes to Statement of Financial Condition December 31, 2014

1. Organization and Nature of Business

Sunrise Brokers, LLC (the "Company") is organized as a Delaware Limited Liability Company and is a registered broker-dealer under the Securities Exchange Act of 1934 ("SEC"), and is a member of the Financial Industry Regulatory Authority, Inc. ("FINRA") and Securities Investor Protection Corporation ("SIPC"). The Company provides equity and equity derivatives, along with Corporate Debt and Government trading services to institutional clients and other broker-dealers in exchange for commissions.

The Company's majority member is SBL Sunrise Brokers Limited (the "Parent"). There is also an individual minority member. The Company has certain transactions with Sunrise Brokers, LLP (the "Affiliate"), a London-based broker affiliated with the Company through common ownership interests. As such, had the Company operated as an unaffiliated entity, the financial position and results of operations could differ from those reflected herein.

2. Significant Accounting Policies

Basis of Presentation

These financial statements are prepared in conformity with accounting principles generally accepted in the United States of America ("US GAAP") which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Cash

All cash deposits are held by three financial institutions and, therefore, are subject to the credit risk at these financial institutions. The Company has not experienced any losses in such accounts and does not believe there to be any significant credit risk with respect to these deposits.

Revenues and clearing and execution costs

All commissions and clearing and execution costs are recorded on a trade date basis.

Commissions Receivable

Commissions receivable are comprised of amounts due for processed trades. Receivables in excess of 30 days are determined to be past due. The Company performs a review of its receivables periodically to evaluate the need for an allowance for uncollectible accounts. The Company sold all of its receivables as of December 31, 2014 and accordingly, no balance remains on the accompanying statement of financial condition.

At December 31, 2014, the Company had net capital of \$199,670 which exceeded the required net capital of \$172,706 by \$26,964.

The Company is exempt from the provisions of Rule 15c3-3 under the Securities Exchange Act of 1934 as the Company does not hold customers' cash or securities.

8. Due from Clearing Brokers

Pursuant to agreements with two clearing brokers, the Company is required to maintain a clearing deposit of \$300,000 and is included in due from clearing brokers in the accompanying statement of financial condition.

In the normal course of its business, the Company indemnifies its clearing broker against specified potential losses in connection with their acting as an agent of, or providing services to, the Company.
